**Red Sox Are In Conference With Manager Carrigan and Brooklyn Team Expects to Reach Boston Late Today—Tickets Uncalled For Will Be For Sale After Tonight**

(ASSOCIATED PRESS TELEGRAM)  
Boston, Oct. 6.—Activities attendant upon the opening here tomorrow of the world series between the Brooklyn, champions of the National league, and the Boston American league title holders and present world champions, multiplied today.

The Red Sox players, at Braves' field, for further and sharper practice, took part in a conference which Manager Carrigan had ordered last night. It was called early today for the purpose apparently of working out signals and strategy to be tested in a practice game this afternoon. The Brooklyn team made no effort to hasten its movement on to the scene of the series curtain raising and did not plan to arrive here until late in the day. Through its series here with the Boston Nationals, the team had gained a good working knowledge of conditions at Braves field, which Manager Robinson thought sufficient preparation for that test.

The weather man contributed his part to the arrangements with assurance with fine weather.

The attendance of the first game will be the largest in the history of baseball, according to President J. J. Lannan of the Boston Americans. He said the interest in the series this year was greater by far than last year when a record crowd of 42,200 saw the first game played in this city.

The time for exercising purchase privileges on seat reservations expires at 6 o'clock tonight, after which, uncalled for tickets will be put together and prepared for a rush sale tomorrow morning. This will be the only opportunity for persons not successful applicants by mail to obtain such seats except by private transactions at increased price.

President Johnson of the American league and President Tener of the National league and the other members were expected to arrive on an afternoon train.

The umpires who will act in the title games arranged a conference to discuss the application of certain rules of each league to the game generally, with discussion as to which shall obtain on each ground.

## INCREASED SEATING ACCOMMODATIONS WHILE DODGERS ARE IN BOSTON.

(ASSOCIATED PRESS TELEGRAM)  
New York, Oct. 6.—Brooklyn gave the National league pennant winner a rousing sendoff today for the opening game of the world's series to be played in Boston tomorrow. Thousands of enthusiastic fans gathered at Ebbetts field long before the hour for the departure of the players. In the crowd were many city officials, business men and the "Brooklyn Boosters," who go to Boston with the club to cheer the players to victory or to condole them in defeat.

A band led the big parade from Ebbetts field to the subway station and a multitude of fans lined up behind. Many houses and stores displayed flags and the pennant winners were cheered by long lines of wishers. The players leave the Grand Central station at 1 o'clock. "We have more applications for tickets to the Brooklyn games than we can fill," said President Ebbetts of the Brooklyn team. "Applications have been pouring in from all parts of the country and as far South as Cuba."

While the players are in Boston fighting for the first two games of the series, carpenters will be busy extending the seating accommodations at the Brooklyn field. Nearly 1,500 extra box seats will be constructed for the first home game and new circus seats to accommodate 1,500 more, will be erected in the left field. These will bring the capacity over the ground to about 27,000.

Members of the National Commission and the umpires for the world's series left this city this forenoon for Boston where they will meet this afternoon to clear up any doubtful points about the series of the rules to govern the game.

## FOUR HURT, ONE SERIOUSLY WHEN AUTOS CRASH

Two persons were injured seriously and three other persons suffered a number of bruises and cuts, late yesterday afternoon, when an automobile driven by F. J. Brickard, 333 Central avenue, collided with a machine driven by Miss Florence Dustermer, living south of the city. The accident occurred five miles south of the city on the Jacksonville pike, near the Baptist church.

Charles Muckenhoupt, of Meadville, Pa., brother-in-law of Mr. Brickard, sustained a fracture of the left hip and bruises, and his wife sustained a severe laceration across her forehead and severe bruises to her body. Both were taken to the City Hospital in Bazler's ambulance. Mr. Brickard and George Johnson of Cambridge Springs, Pa., occupants of the car with Mr. and Mrs. Muckenhoupt, escaped with a number of minor bruises. Miss Dustermer, whose machine collided with the Brickard car, suffered a number of severe bruises and was removed to her home. She is suffering from the shock of the accident, but her condition is not considered serious.

According to Mr. Brickard he was driving toward Jacksonville and Miss Florence Dustermer, teacher at Locust Grove, was driving toward Newark. At the old Baptist church south of the city Miss Dustermer turned off a side road into the path of the Brickard car.

The sun was shining in my eyes and before I saw the other car, the machines collided," Mr. Brickard said today. "All the occupants of my car were thrown into the road and Miss Dustermer also was thrown a considerable distance from her machine."

Mr. and Mrs. Muckenhoupt have been the guests of Mr. and Mrs. Brickard for the past several days. They were to have returned to Meadville today. Mr. Johnson, brother of Mrs. Brickard, was also a guest at the Brickard home.

The crash of the two machines was heard by Dr. Homer Davis, who was attending a patient in the neighborhood. He rushed to the assistance of the injured and then later attended them at the City Hospital.

## MAIL FRAUD IS REVEALED; TWO UNDER ARREST

(ASSOCIATED PRESS TELEGRAM)  
Toledo, Oct. 6.—Charged with using the mails to defraud, Reinhold Mersel and Ernest W. Toadvin are to be arraigned in United States district court here today. The men, it is alleged by federal officers, did business as the Union Furniture Co., and had an office here. Most of their business is said to have been transacted in Texas. It is alleged that their scheme was to send agents to form clubs of 35 and get women to sign contracts which the intended victims were unable to understand.

It will cost the government nearly \$6,000 to prosecute the case. A feature of the hearing will be the presence of 32 negroes from Texas, brought here as witnesses.

**British Gain More Ground Along the Somme Front While French In Same Region Engage Only In Artillery Action—Germans Renew Attacks On Positions at Verdun**

(ASSOCIATED PRESS TELEGRAM)  
London, Oct. 6.—While the entente forces holding the center of the Macedonian front remain inert, both flanks continue vigorously on the aggressive.

Today's reports indicate a weakening of the Bulgarian resistance to the British pressure on the Eastern end of the line, beyond the Struma. Here the Bulgarians have evacuated Nevoljen, which has been occupied by the British and reported on the retreat.

Previous offensive movements by the British east of the Struma have not been followed up vigorously. In the present operation, however, the British forces have withstood numerous Bulgarian counter attacks, and the consolidation of all the ground gained is now reported.

Sofia again reports the failure of Russian and Rumanian attempts to push back Field Marshal Von Mackensen's line in Dobrudja. The complete clearing of the Southern bank of the Danube of the Rumanians who recently crossed the river near Rahevo also is announced.

Attacks by the British on the Somme front have gained them ground along the Pozieres-Bapaume road, according to London's official statement. A further inroad was made into the German lines North-east of Baucourt L'Abbaye.

Only artillery activity on the French section of the Somme front is reported in today's war office bulletin from Paris.

British raiders have been active in both the Lille and the Lens region. Whether these raids on the German line have more than local significance is not apparent. In operations in the Loos and Armentieres districts, included within this area of activity, gas was discharged from the British trenches.

The German Crown Prince has resumed active hostilities at Verdun, Paris announces. His guns have opened up a heavy fire on the Cote Du Poivre, or Pepper Hill, north of the fortress, while elsewhere in the Verdun region the artillery is notably busy.

On the western end of the Macedonian front the Servians and the allies it appears from the Paris war office bulletin, have pushed their lines well across the Serbian border directly south of Monastir and are now within seven miles of that city along the line of the villages of Mesdjidi, Kanali and Gradesnitsa.

General Brussloff is persisting in his determination to break down Teutonic resistance along the southern sector of the Russian front and (Continued on Page 11, Col. 2.)

## IS GERARD ON PEACE MISSION? COMES TUESDAY

(ASSOCIATED PRESS TELEGRAM)  
New York, Oct. 6.—The New York Evening Post today publishes a story saying that it has been learned from a trustworthy source that Ambassador James W. Gerard, now on his way back from Germany, will lay before President Wilson a request that the president use his good offices in suiting for peace with the allies.

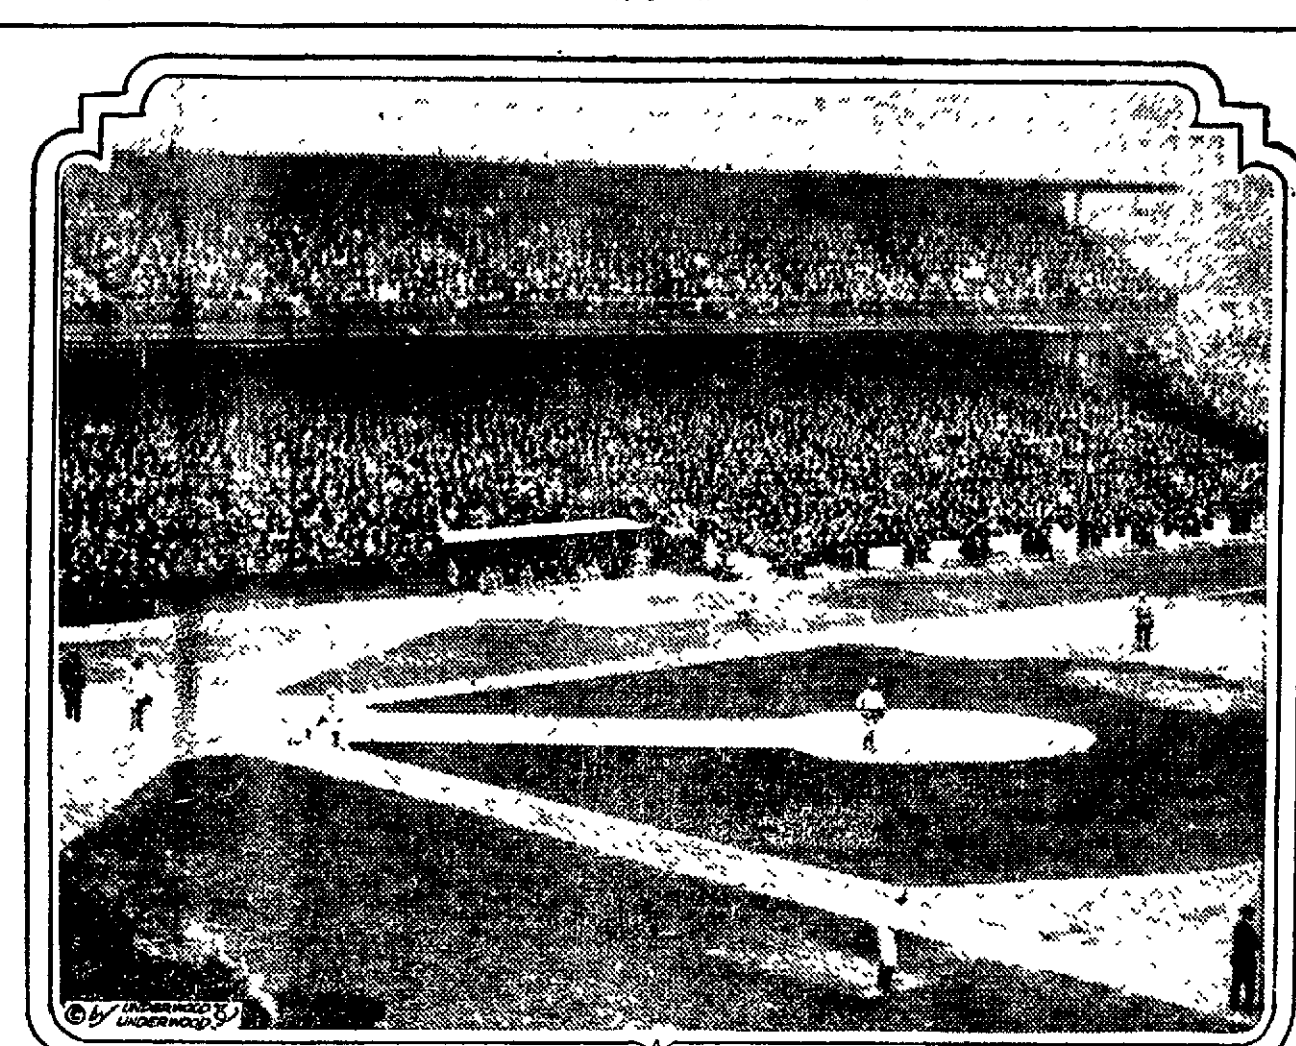

"Germany has definitely decided to apply to President Wilson," the article reads, "to use his good offices in suiting for peace with the allies. This was learned today from sources in a position to have absolutely trustworthy information on the matter. "It is understood that Ambassador James W. Gerard, who is on his way over here, will lay the kaiser's request before the president within a week. . . . It is a fact, however positively it may have been denied officially that the possibility of President Wilson acting as mediator has been discussed by German officials with Ambassador Gerard. It is therefore by no means surprising that the reports now take definite shape in connection with Mr. Gerard's trip to this country."

Ambassador Gerard is on the steamship Frederick VIII, due in New York about Tuesday next.

The nearest approach to this was when 38,216 attended a world's series game at the Polo grounds, New York.

**Reichstag Committee Continues Discussion of Submarine Issues—Chancellor is Unshaken**

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Thursday, Oct. 5, Via London, Oct. 6.—Efforts to compose the differences between Chancellor Von Bethmann-Hollweg and his opponents in the reichstag, which have been in progress since adjournment was taken after the chancellor's speech apparently have accomplished little.

The chancellor's position, however appears to be unshaken and such information as is obtainable indicates that the campaign for the resumption of submarine activity on the old basis has met with no success.

After several days of confidential conference of the chancellor and members of his cabinet with a committee from the reichstag discussion of the submarine issue and other problems of foreign politics was resumed today before the ways and means committee. Herr Von Jagow, secretary for foreign affairs and Admiral Von Capelle, secretary for the navy, made statements explaining the position of the government. The naval secretary frequently interposed in the debate which followed, answering questions and meeting objections concerning the government's policy, in regard to submarine operations. Notwithstanding the confidential nature of the proceedings, in both committees, the following probably may be taken as a fairly accurate statement of the present situation.

The conference thus far, notwithstanding considerable good will on both sides, have not brought the opposing elements much nearer together. They have shown the chancellor to be in full accord with Field Marshal von Hindenberg, chief of staff, and with the navy department.

No new arguments were introduced, however, and the Chancellor's opponents have not permitted themselves to be convinced. Part of the Catholic center, it is true, has been shown to be amenable to arguments of the opposition but Dr. Peter Spahn and other centerists leaders are still supporting Dr. von Bethmann-Hollweg. Dr. Spahn in a speech defending strongly the position of the chancellor.

**Only One Land Cruiser Crossed German Trenches and This Was Destroyed by Shell Fire.**

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Oct. 6.—(Wireless to Sayville).—The British armored motor cars which were used for the first time in the general advance on the Somme front last month, are a failure, the Overseas News Agency says.

"One of the tanks, built in Norfolk, England, became hopelessly entangled in barbed wire," says the News agency. "Another tank was disabled by one shell while advancing at a point north of Ploers. The ammunition which it contained, exploded and it burned up. Two other tanks were utilized in an attack at 7 a. m. on Sept. 5, on the Guillemont Combes road. One of them was blown up with a hand grenade when it had approached to within 30 yards of the German trenches. At the last moment its occupants dispatched a carrier pigeon from this modern Noah's ark. Six machine guns were captured by the Germans. The other tank crawled to the southern edge of Leuze Wood and was burned up. Only one of these land cruisers succeeded in crossing our trenches. This one was annihilated by a shell on the road to Ligny-Thilloy. The British land fleet will soon be composed of nothing but wrecks."

## MORE ARRESTS EXPECTED IN SHONTS PLOT

(ASSOCIATED PRESS TELEGRAM)  
New York, Oct. 6.—The police promised more arrests today in connection with an alleged plot to kill President Theodore P. Shonts of the Interborough Rapid Transit company and Frank Hedley, manager of the New York Railway's company. Two men, said to be striking subway guards, arrested early this morning, were held on charges of stoning an elevated train. The police declared they had evidence that these men were involved in the supposed conspiracy but refrained from bringing such a charge against them until others were arrested.

According to detectives, one of them who posed as a striker, got evidence ten days ago that plans were being laid to kill Shonts and Hedley. The two traction officials were warned and given permission to carry pistols. The two men now under arrest were closely watched until last night when they were seen taking part in an attack upon an elevated train. The prisoners, who gave their names as Oscar Wallace and John Sheeran, were questioned for several hours today, but the police said that to reveal the result of this examination might hamper them in continuing the investigation.

**Discusses Politics With Governor Dunne at Chicago—Enroute to Shadow Lawn After Successful Trip.**

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Oct. 6.—President Wilson had a brief visit to Chicago from Omaha, Neb., to Long Branch, N. J., where he speaks to a delegation of Independents tomorrow afternoon.

An old time "home interest" debate between women voters over politics was heard by the president this morning when his train stopped for a few minutes at Malta, Ills. Most of the women wore sunbonnets.

"I like you, but I'm going to vote for Hughes," said one woman to the president. Immediately all of the other women began a verbal onslaught on her.

"Aren't you ashamed of yourself," one woman said. "You know Wilson is the best man," declared another. "Well, I'm going to vote for Wilson," said a third.

"Ladies, ladies," exclaimed the president. "It's very embarrassing to me to be present at this debate." A man present asked to shake hands twice with Mr. Wilson.

"My wife used to be a Republican but this year she's going to vote for you," he said.

During his brief stay here the president discussed politics with Governor Dunne and several western Democratic leaders. Secretary Taft, recently visited Democratic headquarters here.

The trails of President Wilson and Vice President Marshall, campaigning in the middle west, crossed here today.

The vice president was the first to reach the city, coming in from Wisconsin at 9.00 a. m. Neither President Wilson nor the vice president had a chance for a conference as Mr. Marshall left for Iowa before the president arrived here.

Mr. Wilson's next visit in the middle west will be on Oct. 12, when he goes to Indianapolis. He will be back in Chicago Oct. 19. Governor Dunne told the president today he felt confident of a Democratic victory in Illinois in November. He said the president was particularly strong among the women.

**Four Italians Arrested In Connection With Murder of Henry Rider, Cranberry Grower—Auto Was Attacked and Woman Valiantly Drives Machine to Safety**

(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, Oct. 6.—With four persons under arrest in this city and in Camden, N. J., and the police dragnet closing about four others who are now under surveillance in connection with the sensational holdup and murder at Hammonton, N. J., yesterday the authorities today declared their belief that Millie De Marco, 19 years old, of this city, one of the prisoners and an employee of A. J. Rider, president of the New Jersey Cranberry Growers Association engineered the entire plot.

The De Marco girl and the Italians arrested in this city late last night were traced to the Italian colony here through the license number of an automobile in which 11 men and one woman were seen in the vicinity of the home of the riders yesterday shortly before the murder of Henry Rider, of Howell, Mich., and the shooting of his brother and two others. Rider and his daughter, Mrs. Elsie Smathers who valiantly drove the automobile after she had been wounded, and James N. Rigby, who also occupied a seat in the Rider car at the time of the attack, are in the Jefferson hospital, this city. Their condition was hopeful and physicians said they would recover.

The automobile in which the 12 persons traveled is owned by Frank Vessella. He told detectives today that he had hired it to Giuseppe Russo last Wednesday at \$15 a day. He declared he carried the woman, Russo and Frank Ladona, a friend of his not known by the other two, to Hammonton yesterday morning. He said he waited there several hours with the woman while the other men who were picked up in Camden, were absent.

He declared they returned excited and that they talked in low tones. He could not hear what they said. All the persons mentioned are under arrest.

The DeMarco girl and Russo are held on suspicion of murder and the other two as material witnesses. None of the men under arrest was in Rider's employ so far as the police were able to learn by a hurried investigation.

The sight of 11 men and a lone girl in an automobile aroused unusual interest among the natives of Atsion, N. J.

The girl knew the movements of Mr. Rider on pay days and was aware of the large amount of money required for the payroll of about 300 men and women cranberry pickers. The police are working on the theory that she planned the shooting with the aid of confederates from this city.

All have admitted, the police say, that they were at Atsion yesterday. Mrs. Smathers, a widow of a few weeks and only 26 years old was a heroine today in the eyes of the police and hospital physicians here. She forgot her pain to speak lightly of her courageous action in driving the automobile away from the bandits as they fired shot after shot in a vain effort to get the bag containing \$5,000.

Two Italian suspects were arrested at the Pennsylvania railway terminal in Camden, N. J., early today as they stepped from a train they had boarded at Hammonton. They were shadowed by detectives during the ride to Camden and when one of the men was questioned he became suspicious and threw what the police believe to have been a revolver out of the car window.

Subjected to the third degree at detective headquarters for hours, Miss De Marco made damaging admissions at noon today, according to Captain Tate of the detective bureau. The girl admitted that she and three men companions had motored from this city and were at Atsion, N. J., at the time of the shooting. She admitted she had heard several shots after the chauffeur of the automobile had stopped his car not far from the spot where a number of men, said to have been masked, held up Rider's car in an attempt to steal the payroll of \$5,000 being taken to the 300 employees at Rider's Cranberry Bogs.

"The extension work of the order is as much and more of an obligation to the individual than to the county and state president," said the speaker, and she urged the establishing of new circles.

"We need to realize what true fellowship with The King means. Real charity is not the giving of funds but the giving of yourself. You cannot work unless you have a vision. There must be two visions, first the vision of God, which brings inspiration, and there must be the vision of humanity, which brings service."

The report closed with a poem on service.

Mrs. J. F. Vogel of Toledo, a member of the committee on management of Rock Lodge Inn, supported by The King's Daughters, gave her report on the inn. The inn is open for 11 weeks. During the season 564 guests were entertained, giving an income after expenses had been paid of \$253.41.

Miss Geraldine Hord read the treasurer's report for the inn. Miss Hord reported a total disbursement of \$1,794.02. The total maintenance disbursement was \$678.10. There is a balance on hand of \$548. There is a total deficit of \$560 on two notes, one of which was given for a machine for transportation for the inn, which cost \$450, and it made last year \$199.

Mrs. Hutchinson, who is at the inn, gave an account of the work and some of her personal experiences at the inn.

Miss Louise Hirt, secretary of the inn was introduced to the convention. Miss Hirt had never met the convention before and she was most enthusiastically received. The inn which is located on Catawba Island in Lake Erie furnishes an ideal place for girls who wish an inexpensive vacation.

In a charming way Miss Hirt related the pleasure the girls found in the inn and the amusements which the visitors found at the summer resort.

church was called upon to lead the congregation in prayer.

For the devotional Rev. Mr. Tullis read three passages of scripture dealing with three paradoxical teachings of Christ. First, the paradox of idealism, second the paradox of service and the third the paradox of life.

To acquaint the Newark people with some of the work being done in the cities, two county reports were read. The first was the report from Sandusky county which was read by Miss Sadie Franks. This circle has participated in all charity work. The city union of Toledo was the next report to be read and this was given by Mrs. Bradley. This union represents one-third of the district nursing in Toledo. The work started with one nurse and fifty-six patients. The union now expends \$2,000 a month on the nurse feature. June 1 this year the union took over child welfare and tubercular work. In the child welfare the clinics have been held in the school houses with a nurse and doctor in charge. In June 610 babies were treated with only 13 deaths. One baby 7 months old was fed beans and weiners, and when the mother was told of this she said, "weiners no hurt baby, all chopped nice and fine." The union has this year opened a home for convalescent women and children. It is located in Maumee and accommodates 12 patients.

The speaker of the evening, Mrs. F. J. Mansfield of Burlington, Ia., was introduced. Mrs. Mansfield is a central council member and state president of Iowa.

The speaker said there had been no consultation of thought or ideas to be discussed before the convention but that of the things she was going to bring forth had been spoken of before.

She referred to an editorial in Collier's Weekly and how the editor prophesied that the close of the European war would bring a general revolution of religion.

Mrs. Mansfield then quoted Dr. Washington Gladden as saying that you could not legislate goodness into a community. That you could not improve on the method of improvement of years ago that for betterment of man it was necessary to get the individual person and put him right with God. Christian service is now needed in the world.

"I am not here tonight to tell you what I believe or what individual members of this organization believe, but the beliefs of men high up financially, etc., and their belief is that the world needs Christian service."

Mrs. Mansfield briefly outlined the history of The King's Daughters. How the organization was conducted, the emblem selected and the matters decided upon. Especially did Mrs. Mansfield dwell upon the significance of the cross and incidents connected with the wearing of it. In the 36 years of the existence of the order there has been no change, it was founded on such broad lines, and touched so essentially the true point of religion that no change has been necessary. "The greatest asset an organization can have is higher ideals."

"I wish we could think more seriously on this subject of service. Some people think that the highest service is what the world needs the most. The most essential thing in service, however, is that it is done in His name. If everywhere service was being rendered it was done in the name of the Saviour, the world's revival in religion would not be far off. Just picture what a world it would be if all would be endeavoring to serve in His name."

"Homes would be almost Heaven then. I think the bitterest things in the world are the things we might have done. Is there anything harder to bear than the things we ought to have done and didn't do?"

"If you really believe this—what are you doing about it? If you would but tell your friends personally what it means to you to be a King's Daughter in your home, in your churches, in your community."

"The last thought I would like to leave with you is, that we go from here and be spiritual. The word spiritual is much abused, with some people being spiritual is being almost—anaemic. Being spiritual is being happy, gloriously happy. Now I beg of you, when you hear some one misusing the word spiritual to tell the real meaning of spirituality."

"If all the service in the world could be done by men and women all glorious within."

Thursday Afternoon. Thursday afternoon following the devotionals which were conducted by Mrs. Mary E. Walling of Bridgeport, Miss Sara F. Gagle as a member of the National Council gave her report of the council meeting. The council is made up of one member from each state and the report of the meeting included a resume of the national finances of the association, the establishment of new circles. Ohio last year with a membership of 34,000 members expended \$18,824. Tennessee made the best showing with 877 members with an expenditure of \$27,745. Of a total of 2300 circles there is a paid membership of 54,000.

Replacing Mrs. James McCampbell of Marysville, Mrs. Robert McGowan of Steubenville gave her paper "A Vision." "A vision is a great word it means many things. It is the first few lines of a quotation with which Mrs. McGowan prefaced her address.

church was called upon to lead the congregation in prayer.

For the devotional Rev. Mr. Tullis read three passages of scripture dealing with three paradoxical teachings of Christ. First, the paradox of idealism, second the paradox of service and the third the paradox of life.

To acquaint the Newark people with some of the work being done in the cities, two county reports were read. The first was the report from Sandusky county which was read by Miss Sadie Franks. This circle has participated in all charity work. The city union of Toledo was the next report to be read and this was given by Mrs. Bradley. This union represents one-third of the district nursing in Toledo. The work started with one nurse and fifty-six patients. The union now expends \$2,000 a month on the nurse feature. June 1 this year the union took over child welfare and tubercular work. In the child welfare the clinics have been held in the school houses with a nurse and doctor in charge. In June 610 babies were treated with only 13 deaths. One baby 7 months old was fed beans and weiners, and when the mother was told of this she said, "weiners no hurt baby, all chopped nice and fine." The union has this year opened a home for convalescent women and children. It is located in Maumee and accommodates 12 patients.

To acquaint the Newark people with some of the work being done in the cities, two county reports were read. The first was the report from Sandusky county which was read by Miss Sadie Franks. This circle has participated in all charity work. The city union of Toledo was the next report to be read and this was given by Mrs. Bradley. This union represents one-third of the district nursing in Toledo. The work started with one nurse and fifty-six patients. The union now expends \$2,000 a month on the nurse feature. June 1 this year the union took over child welfare and tubercular work. In the child welfare the clinics have been held in the school houses with a nurse and doctor in charge. In June 610 babies were treated with only 13 deaths. One baby 7 months old was fed beans and weiners, and when the mother was told of this she said, "weiners no hurt baby, all chopped nice and fine." The union has this year opened a home for convalescent women and children. It is located in Maumee and accommodates 12 patients.

The speaker of the evening, Mrs. F. J. Mansfield of Burlington, Ia., was introduced. Mrs. Mansfield is a central council member and state president of Iowa.

The speaker said there had been no consultation of thought or ideas to be discussed before the convention but that of the things she was going to bring forth had been spoken of before.

She referred to an editorial in Collier's Weekly and how the editor prophesied that the close of the European war would bring a general revolution of religion.

Mrs. Mansfield then quoted Dr. Washington Gladden as saying that you could not legislate goodness into a community. That you could not improve on the method of improvement of years ago that for betterment of man it was necessary to get the individual person and put him right with God. Christian service is now needed in the world.

"I am not here tonight to tell you what I believe or what individual members of this organization believe, but the beliefs of men high up financially, etc., and their belief is that the world needs Christian service."

Mrs. Mansfield briefly outlined the history of The King's Daughters. How the organization was conducted, the emblem selected and the matters decided upon. Especially did Mrs. Mansfield dwell upon the significance of the cross and incidents connected with the wearing of it. In the 36 years of the existence of the order there has been no change, it was founded on such broad lines, and touched so essentially the true point of religion that no change has been necessary. "The greatest asset an organization can have is higher ideals."

"I wish we could think more seriously on this subject of service. Some people think that the highest service is what the world needs the most. The most essential thing in service, however, is that it is done in His name. If everywhere service was being rendered it was done in the name of the Saviour, the world's revival in religion would not be far off. Just picture what a world it would be if all would be endeavoring to serve in His name."

"Homes would be almost Heaven then. I think the bitterest things in the world are the things we might have done. Is there anything harder to bear than the things we ought to have done and didn't do?"

"If you really believe this—what are you doing about it? If you would but tell your friends personally what it means to you to be a King's Daughter in your home, in your churches, in your community."

"The last thought I would like to leave with you is, that we go from here and be spiritual. The word spiritual is much abused, with some people being spiritual is being almost—anaemic. Being spiritual is being happy, gloriously happy. Now I beg of you, when you hear some one misusing the word spiritual to tell the real meaning of spirituality."

"If all the service in the world could be done by men and women all glorious within."

Thursday Afternoon. Thursday afternoon following the devotionals which were conducted by Mrs. Mary E. Walling of Bridgeport, Miss Sara F. Gagle as a member of the National Council gave her report of the council meeting. The council is made

## NAMES OF 2651 VOTERS ENTERED BY REGISTRARS

The first registration for voters in this city yesterday gives indication that a heavy vote will be cast this fall. Much interest apparently was taken all over the city, the largest registration being in the Fifth ward, which has seven precincts and where 593 voters are now entitled to cast a ballot at the fall election. The next largest was in the first ward where 536 registered. There are five voting precincts in the ward. The sixth followed with 454 in four precincts, the fourth with 379 in five precincts and the third with 334 in four precincts, making a total of 2,651 voters registering the first day.

The first day's registration in 1912 was 1,409 and in 1908 was 1,395. Both were general registration years. Election officials predict that there will be a total registration of over 7,000, there being 7,000 four years ago. It is true that quite a few voters have left the city to enter employ elsewhere and this is noticeable among the young men. It being known that over one hundred young men eligible to vote having secured employment in one Northeastern Ohio city. While many have left there has been an influx, the various manufacturing plants over the city having put hundreds of men at work during the past year. The registration by wards and precincts for yesterday is as follows:

## Q-Ban Darkens Gray Hair

Harmless—No Dye

By applying Q-Ban Hair Color Restorer, like a shampoo, to your hair and scalp, all your gray, streaked with gray, prematurely gray or faded, dry or harsh hair quickly turns to an even, beautiful dark shade, so every strand of your hair, whether gray or not, becomes glossy, fluffy, lustrous, soft, thick, with that even, dark shimmer of beautiful, radiant, healthy hair—just as you like to have your hair appear—fascinating and abundant, without even a trace of gray showing. Q-Ban is absolutely harmless; no dye, ready to use. Only 50c for a big bottle at R. W. Smith's Drug Store, Newark, O. Out-of-town folks supplied by mail.—Advertisement.

## To Improve Expression As Well As Complexion

No face is really beautiful that lacks expression. Do you realize that cold cream and powders and cosmetics tend to spoil pliancy of skin and elasticity of expression? Why not quit cosmetics, use something better, which won't clog the pores or make the skin dry, pasty or oily? Ordinary mercurized waxes work differently from any cosmetic. It wonderfully improves any complexion, giving it the expression of youth. Usually harmless peeling off of the thin veil of surface skin, it brings to view a pure, soft, spotless complexion, delicately beautiful and youthful. Every druggist has this wax. It is seldom used where it is needed. It is spread on nightly like cold cream and washed off mornings. In two weeks or two the transformation is complete. Wrinkles do not of course enhance the expression. Neither do the pasty things many use to eradicate them. The treatment of the skin all objection is made by dissolving an ounce of powdered salolite in a half pint of water; use as a wash lotion. This sooths even the most obstinate wrinkles. ## Lancaster Folk Don't Like Parole of Pen Prisoner

Lancaster, Oct. 6.—Nothing in years has stirred up the citizens of this country so much as the report that George W. Moss, sent from this county to the pen in 1915, on a one to ten-year sentence, had been paroled after serving 18 months.

Moss was attorney for the Equitable Building and Loan Association of this city. His defalcations amounted to over \$100,000. Many poor residents lost all they had.

When Lancaster people read the decision of the state board of administration to parole Moss yesterday there were numerous expressions from business and professional men that the state officials granting the parole should be burned in effigy on the public square.

Both local evening papers in double-column editorials condemned the governor and his board. There are still 20 indictments standing against Moss in this county.

## COLUMBUS MAN WAS IN TERRIBLE AGONY

South Side Steel Worker Had Long Suffered From Rheumatism—Unable to Work—Native Roots Brings Relief

There are probably few ailments more prevalent among working men than rheumatism. They are not only forced to suffer the awful pain and misery incident to this miserable disease, but are very often compelled to lose much time because of it. A case in point is that of George W. Mason, a well-known employee of the South Side Steel Mills and who lives at 517 East Gay street, Columbus. In the following signed testimonial Mr. Mason, for the benefit of his fellow workers, testifies how he found relief from the misery inflicting ailment which so long held him in its grasp. Read what he testifies.

"Rheumatism has bothered me for the last two years and of late it became so bad that my joints were swollen to almost twice their normal size and I suffered day and night with rheumatic pains. When I would go to bed I found it impossible to sleep and I have not been able to work more than half the time during the last four or five months. I tried several so-called remedies for rheumatic trouble, but it was not until I tried Extract of Native-Roots (double strength) is sold in Newark exclusively at Erman's Arcade Drug Store. ## Columbus and Dayton People Approve "Outside" Cold Remedy

**They Find the External Application, Vick's Vap-O-Rub Salve, the Best Treatment for Croup and Cold Troubles. It Replaces Harmful Internal Dosing, Poultices, Plasters, Flannel Jackets and Vapor Lamps.**

**You Just Rub It on Over Throat and Chest—Relieves by Inhalation and Absorption.**

Since Vick's Vap-O-Rub Salve was introduced here from the South a short time ago, Ohio folks have found it no longer necessary to dose for cold troubles. Down South Vick's Vap-O-Rub is universally used instead of internal medicines for all forms of cold troubles, from head colds, asthma and catarrh, down to deep chest colds, sore throat, la grippe, bronchitis or incipient pneumonia.

Vick's comes in salve form—you just apply it over the throat and chest, covering with a warm flannel cloth. The body heat releases the ingredients in the form of vapors that are inhaled; with each breath, all night long, loosening the phlegm and opening the air passages.

COLUMBUS, OHIO, Mrs. F. B. Hinds, 701 Bellows Ave., writes:—

"We have used your Vick's Vap-O-Rub Salve on our baby, and we can

recommend it to anyone, as it saved our child from having a bad case of pneumonia."

COLUMBUS, OHIO, Mr. Charles Thomas, 46 W. Maple St., states:—

"At the time I received your remedy, I was suffering with a severe cold, chest and throat all choked up, sense of smell all lost. I followed your directions, using hot wet towels to open the pores, and then rubbed Vick's Salve well in, and it certainly did work wonders, without taking a drop of any other medicine."

DAYTON, OHIO, Mrs. Thomas Johnson, 1634 Germantown Street:—

"My little boy was taken with a severe case of croup a few weeks ago, and after trying everything I knew without much relief, my druggist gave me a jar of Vick's Vap-O-Rub, which I used with splendid results. I also find it a fine remedy for headache, and shall always keep it in my home hereafter."

Vick's Vap-O-Rub Salve comes in three sizes, 25c, 50c or \$1.00, at all drugists.

## MRS. M. J. BOWERS FOR NERV-WORTH

Tells Druggist T. J. Evans Why She Recommends It to Others.

Her reasons are excellent, as this her signed statement proves:

"I have used two bottles of your Nerv-Worth.

"Was very nervous and sleepless, with weak stomach, before using said medicine six months ago, and it did me lots of good.

"And I will say I believe if I had kept on it would have cured me of my nervous trouble entirely. So I recommend it to others.

(MRS.) "MARY J. BOWERS."

Nerv-Worth calms the nerves, rouses the liver, regulates the bowels, restores restful sleep, wonderfully aids digestion, banishes sick and nervous headaches and other aches and pains, whets the appetite, puts on new flesh, builds up run-down systems. If it does not do this for you your dollar back at the T. J. Evans Drug Store, Warden Hotel block.—Advertisement. 10-1-6

## TAXI OVERTURNS BUGGY; MRS. VANCE BADLY INJURED

Non-observance of traffic ordinances, a careless taxi driver and a laxity in the proper installation of safety signals were responsible for an accident last evening which might have caused serious injury to Mr. and Mrs. Elmer Vance, who live six miles south of this city.

Mr. and Mrs. Vance were driving north in Second street and when opposite the Dr. Stinson residence, a taxi came turning the corner from East Church street into Second at a fairly fast rate of speed. The driver could not turn sharp enough to avoid a collision and struck the rear wheel overturning the buggy and throwing Mr. and Mrs. Vance out onto the pavement.

Mrs. Vance was rendered unconscious and was carried into the office of Dr. Stinson. The physician being absent, Dr. H. D. Rank was summoned, and with the assistance of a professional nurse, washed and examined the wound and soon restored the injured woman to consciousness. She was taken to the home of her parents, Mr. and Mrs. G. W. Taylor in West Church street in the Bazler ambulance and Dr. Carl E. Evans was summoned to assist Dr. Rank. An examination of Mrs. Vance disclosed a scalp wound on the crown of the head two inches long, a number of body bruises and a bad cut where she bit her tongue in striking the pavement. Her injuries were dressed and then Mrs. Vance is resting quite comfortably although suffering quite a little from nervous reaction.

The driver of the taxi, who is employed by Charles Martin, left his machine after the accident and has not been seen since. Mr. Vance claims that he was within his rights and was driving on the proper side of the road.

## SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, or becoming faded have a surprise awaiting them, because after one of two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is expensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## Drink Water To Avoid Sickness Says Authority

Glass of hot water before breakfast daily keeps the doctor away.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation. Adv.

Steps will be taken to revive the slate industry in North Wales.

## The Self Starting Auto made "cranking up" look foolish, didn't it?

That's just the way old methods of setting the Typewriter carriage have been made to look by the latest

# Self Starting Remington

SETTING the typewriter carriage by hand is just like "cranking up." On every typewriter but this latest Remington you have got to "crank up" about a dozen times for every letter you write. And every time you "crank up" you lose four seconds by the watch.

The Remington Self Starter (Column Selector) cuts out this time loss. One touch on a Self Starter key and the carriage darts instantly and toes the mark at the correct starting point. It leaves nothing for the operator to do but just—WRITE.

25 per cent. speed gain in letter writing results from the use of the Self Starter. We have proved this by countless tests. And if you will say the word we will gladly prove it to you. Call at our office any time and ask to see a demonstration.

## EAGLES' NEST MARKER WILL BE DEDICATED NEXT SATURDAY, 2:00 P. M.

The restoration of the National road in Licking county and the part played in this important matter by ex-Governor James M. Cox, will be memorialized tomorrow when a granite monument at Eagle's Nest, near Brownsville, this county, will be dedicated by organizations interested in good roads. The exercises are under the auspices of the Ohio Good Roads federation.

W. A. Alsdorf, formerly of this county, and others will speak. The monument itself, is constructed of granite boulders which form the foundation for a huge rock on which have been chiseled representations of the stage coach and automobile with an inscription honoring Gov.

Cox for his part in the restoration of the road and the general rehabilitation of Ohio highways.

It may be recalled that in 1914, after 88 years of non-participation in state road construction, the federal government made an appropriation of \$500,000 to be expended for that purpose. The money was to be divided, each state to receive approximately \$100,000 and the money was to be expended under the direction of the fourth assistant postmaster general and the director of the office of roads of the agricultural department.

Saturday's exercises will start at 2 o'clock. Automobile clubs in Zanesville, Newark and Columbus will participate.

## Car Turns Over On Embankment Men Are Bruised

Zanesville, Oct. 6.—Although their automobile turned completely over in plunging down a 15-foot embankment on "the narrows" between Dresden and Frazeysburg at 4 o'clock Thursday afternoon, the four occupants of the car, all Columbus men, were not thrown out and only one received injured. Mr. Carman, owner and driver of the car, was cut about the hip by glass from the windshield and he was also slightly bruised.

The party were returning to Columbus after attending the Coshoc-ton fair. They were turning out on the road to permit a vehicle to pass when the bank gave way under the wheels of the heavy machine. The car turned completely over and when it stopped, stood on its wheels at the bottom of the bank, minus only the windshield. It was later driven to Columbus.

## Dangerous Doctrine of Colonel Roosevelt

New York, Oct. 6.—Samuel J. Graham of Pittsburgh, assistant United States attorney general, called upon Chairman Vance McCormick of the Democratic national committee today and laid emphasis on the dangerous doctrine being preached by Col. Roosevelt and "his protégé," Mr. Hughes. Mr. Graham said:

"Ex-President Roosevelt in his Battle Creek speech, stated in connection with the anthracite coal strike that he had instructed the general in command of the army, if he so ordered, to take control of the properties and act as receiver. This would have been a gross usurpation of executive authority and a violation of the laws of the country as only the courts have the right to appoint receivers after a hearing."

"In this same speech, Roosevelt stated after the sinking of the Lusitania, he would have seized all of the German ships in our ports. To have seized these ships would have been a declaration of war and Germany would have replied to it with a declaration of war. Also to have seized the privately owned ship would have been a violation of international law, because we were at peace with Germany."

## Columbus Auto Club to Send 75 Cars to Dedication

Between 75 and 100 machines of the Columbus Automobile club will arrive in the city tomorrow about noon on their way to the dedicatory services at Eagle's Nest on the National road, near Brownsville. They will be joined here by members of the Newark Auto club and others who expect to attend the ceremony. Judge J. M. Lowe of Kansas City, president of the National Old Trails association, will be the principal orator at the dedicatory services. A monument will be unveiled at Eagle's Nest commemorating the rehabilitation of the National road.

## DITCHES CAR TO AVOID COLLISION WITH ANOTHER

The light-six Buick touring car of Harry Vogelmeir was badly wrecked Thursday morning near Weiant's green house when its owner drove it against a concrete curbing in order to avoid striking another car containing two women.

One of the women was driving and Mr. Vogelmeir saw that a collision was unavoidable unless he took the ditch. In his car at the time was Harry Nicholson and Frank Miller, the South Third street barge. They were on their way to the Coshoc-ton fair. When he turned for the ditch he struck the curb and his car overturned. Mr. Vogelmeir sustained a cut above the right eye and one of Mr. Nicholson's legs was badly scratched while Mr. Miller escaped injury.

The Vogelmeir auto suffered a broken back wheel and a broken front axle while the windshield was demolished. It was brought to this city later and will be repaired immediately.

New York, Sept. 30, 1916.  
Mr. M. R. Scott, Newark, Ohio.  
My Dear Sir:—I have your very interesting letter of the 28th inst. and have carefully noted its contents. I deeply appreciate your suggestions and will be glad to make use of them. Yours very truly,

Vance C. McCormick, Chairman.  
Among the "suggestions" offered by Mr. Scott was one urging that a more aggressive campaign should be made against Mr. Hughes on account of his outlandish public speeches and his unpatriotic attitude toward the army of the United States encamped on the Rio Grande for the protection of our border and the adjustment of our relations with Mexico.

## TAXI OVERTURNS BUGGY; MRS. VANCE BADLY INJURED

Non-observance of traffic ordinances, a careless taxi driver and a laxity in the proper installation of safety signals were responsible for an accident last evening which might have caused serious injury to Mr. and Mrs. Elmer Vance, who live six miles south of this city.

Mr. and Mrs. Vance were driving north in Second street and when opposite the Dr. Stimson residence, a taxi came turning the corner from East Church street into Second at a fairly fast rate of speed. The driver could not turn short enough to avoid a collision and struck the rear wheel overturning the buggy and throwing Mr. and Mrs. Vance out onto the pavement.

Mrs. Vance was rendered unconscious and was carried into the office of Dr. Stimson. The physician being absent, Dr. H. D. Rank was summoned, and with the assistance of a professional nurse, washed and examined the wound and soon restored the injured woman to consciousness. She was taken to the home of her parents, Mr. and Mrs. G. W. Taylor in West Church street in the Bazler ambulance and Dr. Carl E. Evans was summoned to assist Dr. Rank. An examination of Mrs. Vance disclosed a scalp wound on the crown of the head two inches long, a number of body bruises and a bad cut where she bit her tongue in striking the pavement. Her injuries were dressed and today Mrs. Vance is resting quite comfortably although suffering quite a little from nervous reaction.

The driver of the taxi, who is employed by Charles Martin, left his machine after the accident and has not been seen since. Mr. Vance claims that he was within his rights and was driving on the proper side of the road.

Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous Salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is expensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## Drink Water To Avoid Sickness Says Authority

Glass of hot water before breakfast daily keeps the doctor away.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole or the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation. Adv.

## The Self Starting Auto made "cranking up" look foolish, didn't it?

### That's just the way old methods of setting the Typewriter carriage have been made to look by the latest

# Self Starting Remington

SETTING the typewriter-carriage by hand is just like "cranking up." On every typewriter but this latest Remington you have got to "crank up" about a dozen times for every letter you write. And every time you "crank up" you lose four seconds by the watch.

The Remington Self Starter (Column Selector) cuts out this time loss. One touch on a Self Starter key and the carriage darts instantly and toes the mark at the correct starting point. It leaves nothing for the operator to do but just WRITE.

25 per cent. speed gain in letter writing results from the use of the Self Starter. We have proved this by countless tests. And if you will say the word we will gladly prove it to you. Call at our office any time and ask to see a demonstration.

## EAGLES' NEST MARKER WILL BE DEDICATED NEXT SATURDAY, 2:00 P. M.

The restoration of the National road in Licking county and the part played in this important matter by ex-Governor James M. Cox, will be memorialized tomorrow when a granite monument at Eagle's Nest, near Brownsville, this county, will be dedicated by organizations interested in good roads. The exercises are under the auspices of the Ohio Good Roads federation.

W. A. Alsford, formerly of this county, and others will speak. The monument itself is constructed of granite boulders which form the foundation for a huge rock on which have been chiseled representations of the stage coach and automobile with an inscription honoring Gov.

Cox for his part in the restoration of the road and the general rehabilitation of Ohio highways.

It may be recalled that in 1914, after 88 years of non-participation in state road construction, the federal government made an appropriation of \$500,000 to be expended for that purpose. The money was to be divided, each state to receive approximately \$100,000 and the money was to be expended under the direction of the fourth assistant postmaster general and the director of the office of roads of the agricultural department.

Saturday's exercises will start at 2 o'clock. Automobile clubs in Zanesville, Newark and Columbus will participate.

## Car Turns Over On Embankment Men Are Bruised

Zanesville, Oct. 6.—Although their automobile turned completely over in plunging down a 15-foot embankment on "the narrows" between Dresden and Frazeysburg at 4 o'clock Thursday afternoon, the four occupants of the car, all Columbus men, were not thrown out and only one received injured. Mr. Carmen, owner and driver of the car, was cut about the lip by glass from the windshield and he was also slightly bruised.

The party were returning to Columbus after attending the Coshocton fair. They were turning out on the road to permit a vehicle to pass when the bank gave way under the wheels of the heavy machine. The car turned completely over and when it stopped, stood on its wheels at the bottom of the bank, minus only the windshield. It was later driven to Columbus.

## Dangerous Doctrine of Colonel Roosevelt

New York, Oct. 6.—Samuel J. Graham of Pittsburgh, assistant United States attorney general, called upon Chairman Vance McCormick of the Democratic national committee today and laid emphasis on the dangerous doctrine being preached by Col. Roosevelt and "his proteges," Mr. Hughes. Mr. Graham said:

"Ex-President Roosevelt in his Battle Creek speech, stated in connection with the anthracite coal strike that he had instructed the general in command of the army, if he so ordered, to take control of the properties and act as receiver. This would have been a gross usurpation of executive authority and a violation of the laws of the country as only the courts have the right to appoint receivers after a hearing.

"In this same speech Roosevelt stated after the sinking of the Lusitania, he would have seized all of the German ships in our ports. To have seized these ships would have been a declaration of war and Germany would have replied to it with a declaration of war. Also to have seized the privately owned ships would have been a violation of international law, because we were at peace with Germany.

## Columbus Auto Club to Send 75 Cars to Dedication

Lowe of Kansas City, president of the National Old Trails association, will be the principal orator at the dedicatory services. A monument will be unveiled at Eagle's Nest commemorating the rehabilitation of the National road.

## DITCHES CAR TO AVOID COLLISION WITH ANOTHER

The light-six Buick touring car of Harry Vogelmeir was badly wrecked Thursday morning near Weiant's green house when its owner drove it against a concrete curbing in order to avoid striking another car containing two women.

One of the women was driving and Mr. Vogelmeir saw that a collision was unavoidable unless he took the ditch. In his car at the time was Harry Nicholson and Frank Miller, the South Third street barge. They were on their way to the Coshocton fair. When he turned for the ditch he struck the curb and his car overturned. Mr. Vogelmeir sustained a cut above the right eye and one of Mr. Nicholson's legs was badly scratched while Mr. Miller escaped injury.

The Vogelmeir auto suffered a broken back wheel and a broken front axle while the windshield was demolished. It was brought to this city later and will be repaired immediately.

LETTER FROM MR. MCCORMICK. M. R. Scott of this city has received the following letter from Vance C. McCormick, of the Democratic National Committee:

New York, Sept. 30, 1916. Mr. M. R. Scott, Newark, Ohio. My Dear Sir:—I have your very interesting letter of the 28th inst. and have carefully noted its contents. I deeply appreciate your suggestions and will be glad to make use of them. Yours very truly,

Vance C. McCormick, Chairman. Among the "suggestions" offered by Mr. Scott was one urging that a more aggressive campaign should be made against Mr. Hughes on account of his outlandish public speeches and his unpatriotic attitude toward the army of the United States encamped on the Rio Grande for the protection of our border and the adjustment of our relations with Mexico.

The trouble. "Why so sad and downcast?" "My wife has threatened to leave me." "Cheer up; women are always threatening something like that, but they hardly ever do it." "That's what I was thinking."—Pearson's Weekly (London).

### CONTEST

(Continued from Page 2.) the true knowledge which exists between a creature and the creator. "How easily the early sisterhood laid the foundation on the principles of The King. It takes women as they are and subjects them to a process fitting them for border fields.

"In thinking of a vision to bring you today we do not know whether it shall be of realization or prophecy." Mrs. McGowan then gave a picturesque and beautiful description of southern California which included the story of a Spanish priest who labored there and to whose memory there has been erected an iron cross.

"He too, had a vision," said the speaker, "and this story was a moral for our association for only as we lay aside our worldly desire and follow his way on the higher and better road will we accomplish deeds and in toiling see the cross and labor toward it.

"Our vision is to lay aside our self indulgent life in the valley and seek the higher road of the mountain."

The symposium on "Our Greatest Need" in which the various members were asked to present their idea of the "greatest" Mrs. Mansfield was the first speaker.

She said: "The greatest need is to recognize the fact that we are members of one great body, politic and spiritually. Anytime we fail, we all suffer and anytime we succeed it means success to all. Still circles are indifferent to the county work, the county is indifferent to the state and so on. Until we recognize the fact that we are all one body."

The symposium was led by Mrs. Gable who substituted for Mrs. McCampbell. A number of responses were made suggestive of betterment. One of the greatest needs for the good of the circle was the emulation of self." Mrs. Mansfield stated that unless the organization members kept before them the main object of the association, namely doing the work of the circle in the name of The King.

She said there are many other organizations doing the same kind of work and only the motive of The King's Daughters gives them cause for their existence.

Mrs. W. C. Williams of Ashtabula gave a well arranged report which she read as delegate to the general convention. The report was completed by Mrs. F. R. Hague of Toledo.

The business of the sessions was interlarded by a vocal solo by Mrs. Chandler Tucker who sang, "Mother Marches."

Mrs. T. J. Mansfield gave a short talk on "The King's Daughters" magazine. "The Silver Cross" and she made a special plea for all members to subscribe to the magazine. Her address was preluded with several pertinent questions to her audience as to what they really knew about their organization. Mrs. Mansfield said that each should be an intelligent member and to be that it is necessary to keep posted on the progress of the order and this can be done through the columns of "The Silver Cross."

"There are many circles," she said, "whose members are so self-centered—so hide bound that they are not interested in anything but themselves. If you cut off any part of the body it is dead and that applies to circles and members who hold themselves in that attitude toward life. We must all work harmoniously and if you want to do that every member must be an intelligent member. The slogan for the magazine is 'a magazine for every member in Ohio'."

### MEMBERSHIP MEETING.

The membership and finance committees of the Chamber of Commerce held a very enthusiastic meeting last night. Two demonstrations in the selling of memberships were held. Fred Morrison and T. E. Adams, sold to Clay Van Voorhis and W. J. Simpson.

## M'DANIEL TEAM TO PLAY SUNDAY ON NEW GROUNDS

The McDaniel football team will meet the Schullman's Sycamore, formerly the Sycamore Nationals, of Columbus. Sunday afternoon at Moundbuilders park in the first independent football game of the season in Newark.

Arrangements were completed this morning by Owner Emmett McDaniel, backer of last year's successful aggregation, and the grounds at Moundbuilders park are being put in excellent condition, by a gang of workmen. The Buckeye band is determined to give the sport a real opening for the season of 1916.

Every member of last year's McDaniel team met at the McDaniel Restaurant last night and signed up for this year. Archibald Davis, the star end of last year's team, and the best forward pass receiver in the state, has returned to Newark from Notre Dame, and will be in the line-up. The only member of the old team that will be absent is Merle Orr, the star quarter back.

But Sullivan, who alternated with Orr in directing the team's play, gives promise of being able to work in excellent style with Davis in performing the aerial specialty, assuring local fans of a high class brand of football.

Two new stars will be seen in the McDaniel line up this season, in "Dutch" Clayton and Pfeiffer of Zanesville, two of the best gridiron performers ever developed in Zanesville. These players were the main cogs in the great offensive game put up against the McDaniel team at Zanesville, last season, and every local fan who accompanied the locals on that memorable trip, can vouch for their worth.

Mr. McDaniel closed with the Zanesville players yesterday to play with Newark and they promised to be on hand for Sunday's game.

The locals will meet at the park Sunday morning for practice and as they have been in training for the past several weeks, should be able to start the season in first class condition.

## Granville

[Special to The Advocate]

Granville, Oct. 6.—From present indications, the business houses in Granville will be accessible once more to vehicles, as the asphalt has been laid almost the full length of the block on both sides of the street, so that by Saturday, it is hoped, traffic may be open as far as east as Prospect street. It is planned to have the automobiles park on the south side of Broadway in this block, and the horse-drawn vehicles only, on the north side—or perhaps—reverse the order.

The society organized in Granville as a branch of the New York organization which is sending relief supplies for the wounded soldiers in hospitals in France, ask that any who are interested in this work shall not wait until the regular meeting on Tuesday, but if so minded they shall provide comfort bags which can be made at home, and filled at their pleasure with any three or more of the following articles: a pencil, a puzzle game, mouth organ, Christmas card, or other picture, a message of good will, a letter size tablet, warm socks, handkerchief, face cloth, soap, comb, tooth brush or any other small article your fancy suggests along this line. Mrs. J. D. Thompson will be the first to answer any question as to material and measurements. Haste is necessary in finishing and filling these bags, as they must be shipped next Thursday. Money donations may be handed to the treasurer, Mrs. Ira Perry, to the chairman, Mrs. Riggs, or to the ways and means, Miss Jennie Roe. A careful list of these donations is kept on file.

There will be a called meeting of the Greater Granville club this evening at 8 o'clock in Municipal building.

Mr. C. B. Slack, cashier of the Granville Bank, has returned from the National Bankers convention in Kansas City.

Mr. Henry Pond of Evanston, Ill., whose boyhood was spent in Granville is visiting for a few days with friends here and in Alexandria.

Among the donations of Mr. Robert D. Williamson, member of the board of education, are two sets of music books to the Granville public school library.

Mr. and Mrs. W. H. Wilson of Wheeling, W. Va., have been registered at the Buxton House for a few days.

Rev. Emory W. Hunt, D.D., pastor of the Baptist church in Newton Center, Mass., former president of Denison, arrived in Granville yesterday where he will remain to officiate at the marriage of his nephew, Rev. Horace Hunt, of Geneva, to Miss Harriet Haggard of Boston, which is to be solemnized this evening.

At the prayer service in the Baptist church last evening, Dr. Hunt gave an eloquent talk, and Mr. Harold Haggard, recently returned from his Y. M. C. A. work in Russia, also spoke at the invitation of Pastor Haggard and gave an inspiring account of the involution work now being carried on among the war prisoners by this great organization of young men, not specially for evangelization, but for help of all kinds. Football practice this week, in preparation for Saturday's game, has been conscientiously performed and the bleachers have been decorated each afternoon by groups of college girls as spectators.

Mr. and Mrs. Lee Moore will soon establish their residence in Dayton, as Mr. Moore has resigned his position with the B. & O. in Newark. He is already installed in his new position in Dayton and Mrs. Moore will follow in about two weeks.

Ex-Mayor D. N. Bay has moved his shoe store to the Jones building, recently vacated by the Telephone

## REGARDING MORNING SHOPPING

Shopping can be accomplished much more satisfactorily in the morning than at any other time of the day—especially in this true on Saturday. Try to do your shopping during the hours before noon—crowds are absent, selections can be made at leisure, and you will have more time to look at the new things.

# A Splendid Stock of New Fall Merchandise At Old Time Prices

## Early Buying, This Season, Means the Saving of Dollars, To You

Months ago we contracted for the greatest part of our Fall and Winter stock, at bed-rock prices. The same merchandise, today, would cost us from 25% to 50% more. You can, then, readily see the wisdom of buying early. We are giving you the advantage of our low prices, but when the present stock is exhausted it will be impossible for us to place duplicate orders without paying a big advance in price. The same condition prevails throughout the country; no store can protect you from these higher prices after their early bought stock is sold. It will be wisdom on your part to anticipate your requirements, and BUY EARLY.

## USE OUR LAY-AWAY SYSTEM

Our liberal lay-away plan permits you to make early selections and by paying a small deposit we will lay them away for any reasonable length of time. Hundreds of people, who are not yet ready to buy, avail themselves of this opportunity, and by so doing they are assured of selecting from complete assortments.

## COATS AND SUITS ---- THE AUTUMN STYLES In All Their Beauty And Splendor

Another "Style Conquest" has been added to the laurels of this store; again we have demonstrated to the particular, discriminating woman that our garment department has set a standard for style, variety, quality and value that is not to be equaled elsewhere. If you could hear the comments customers make every day; if you could spend an entire day here and note the dozens of women who return to buy after looking around, then you would be just as enthusiastic as we are and perhaps more so. But why not leave these things to yourself; comparison is the test of value. This we invite—let your good judgment guide the garment problem.

### YOUR COAT

Will surely be among the hundred-reds of beautiful styles now on display. No matter what the style, if it is approved by Fashion, you will find it here. Luxurious Pile Fabrics in every new weave and shade; handsome wool Velours, rich plaids, mixtures and novelties—all are here in an endless variety of pleasing models. We could dwell at length on the beauty and completeness of the exhibit, but we want you to come and get first hand information; we want you to try on the styles that appeal to you; note their graceful lines and above all, the splendid value they represent. A price range that fills every requirement.

\$10.00 to \$70.00

### A JAUNTY SUIT

Is indispensable to the present day woman. Our present display is one that will quicken the pulse of the style connoisseur; it is replete with models fashioned and designed by America's foremost tailors. Included are wool velours, broadcloths, velour checks, imported poplins, gabardines, chevrons and neat mixtures; the range of shades omits nothing desirable. In spite of the high quality, excellent styles and splendid tailoring, prices are lower than you will find elsewhere. Comparison will again bear out this statement. Give us the opportunity of showing you these new garments. You will enjoy trying them on.

\$12.95 to \$50.00

## TAILORED SKIRTS IN MANY NEW STYLES

Many new styles have been added to our display this week. Lustrous Satins, Poplins, Gabardines, Wool Velours, Novelty Checks, Stripes, etc. Skirts were never so popular as they are this season, and our present showing fully emphasizes this fact. Plenty of correct models for the stout woman, too, in waist measures up to 41 inches.

\$3.98—\$5.95—\$6.95—\$8.95

## These Late Arrivals Are Particularly Interesting.

### KNIT SETS

We have just placed on display a comprehensive assortment of the new knit sets—scarf and cap. They come in every shade and many attractive combinations. Make your selection early, as it will be impossible for us to duplicate at the same low prices.

### NEW SWEATERS.

Dozens and dozens of clever styles for every member of the family. Especially interesting are the new belted effects, in shades of rose, coral, cardinal, maroon, green, gray, etc.

### CHILDREN'S DRESSES.

New Peter Thompson and Sailor dresses, tailored from an excellent quality of navy blue serge; trimmed with red or white silk braid. All sizes from 6 to 16 years, and they are priced lower than you could have them made for.

### QUALITY FURS.

In a wealth of the season's most popular styles and skins. Whether it be a set, coat, or separate piece we believe you will find just the style you are looking for in this immense assortment. A complete showing of children's furs, too.

### SPORT COATS.

For the high school girl or the girl who wants a "rough and ready" garment. They are the correct sport length, belted and come in a variety of pretty plaids and checks, \$5.00 is a low price for garments of this character.

### CHILDREN'S COATS.

The prettiest assortment of coats you ever laid your eyes on, in styles for all ages from baby to big sister of 14 years. Early buying has made it possible for us to offer these garments at prices unusually attractive.

### HOUSE DRESSES, \$1.00.

A new showing of styles in ginghams, percales, flannellettes; long sleeves and high neck, or low neck and working length sleeves. A host of patterns in all light and dark colors.

### OUR BLANKET DEPT.

Is now situated on the second floor, where you will find hundreds and hundreds of blankets and comforts of every description. Early buying is advisable.

exchange. The room vacated by him is to be used as a restaurant.

Mr. and Mrs. S. P. Treize are again at home after a visit at the home of their daughter Mrs. Ettie T. Christy in Akron.

Several pleasant social affairs are held this afternoon, among the ladies of the village.

Welcome news to football fans is to the effect that Denison is not to lose either Lang or Collier the star athlete.

Beta Theta Pi entertained with a dinner of 50 covers, Wednesday evening at Curtis Hall, the following ladies being guests of the chapter: Mrs. A. M. Brumback, Misses Sara Taylor, Lora Palmer, Ruth Eldridge, Evelyn Cathcart, Margaret Heinrichs, Ruth Wickenden, Charlotte Buchanan, Madeleine Edgely, Ruth Tipton, Gertrude Gibson, Florence Carney, Helen Ray, Mildred Klinger, Elsie Barker, Sarah Johnson, Edith Wilson, Marion Kendall, Lillian Eldridge, Olive Hunt, Marjorie Lockman, Margaret Leacholes, Edna Henke, Freda Rummel, M. Parson.

The King's Daughter's convention now being held in the Second Presbyterian church in Newark, is drawing a good attendance of Granville women. At the meeting last evening Mrs. Marion Rose Johnson, dramatic Soprano, sang two vocal selections with splendid effect. "The Good Shepherd" by Van de Water, and "My Task" by Ashford. As usual, she scored a great success.

Mrs. Kenneth Hall, Miss Grace Ackley and Miss Nellie Flory spent yesterday in Alexandria visiting friends.

Miss Mary Wilson who has been quite ill for the past few days at her home on the Lancaster road, is convalescing and able to see her friends.

Mr. Frank S. Robinson who has been in Boston for the past month

has returned to his home in West Broadway.

Mrs. A. Stasel and daughters of Newark were in Granville yesterday.

Misses Myrtle and Lilly Jones motored to Columbus yesterday. On their return they attended The King's Daughters' reception in Newark last evening.

Miss Davies was recalled to Granville by a telegram announcing the sudden death of her brother at his home in West Elkton, O. She left early this morning and details are lacking.

The congregation of the Methodist church are rejoicing that the Zanesville Conference has granted the return of Rev. Otto Giesen as pastor of the Granville church.

Among the new names enrolled in Denison this year are students from Vermont, Massachusetts, Rhode Island, New York, Pennsylvania, Indiana, Illinois, Michigan, Minnesota, Iowa, Utah, Washington, West Virginia, Kentucky, and North Carolina. The West Indies, Canada and China are also represented. Of course other states and countries are included in the complete list, making a fairly cosmopolitan aggregation. "It is evident that Denison's hold on alumni and friends is a broad one, and this promises well for its steady and healthful growth, although mere growth in attendance has never been an important point in Denison's policy. Denison is having as rapid a growth in numbers as she can well care for, and it may possibly be found necessary within a few years to restrict the attendance, as some of the best colleges in the country are doing, rather than to labor for more."

Henry Arnold, a member of Phi Gamma Delta has written a Denison song which the Glee Club fellows are to sing at the Denison-Cincinnati game on Beaver Field, tomorrow.
